

ESG / SUSTAINABLE FINANCE CONSULTING

BLX is a registered municipal advisory firm providing advisory and compliance consulting services to the public and non-profit sectors. Founded in 1989, BLX is a subsidiary of Orrick whose Capital Markets Group boasts expertise in complying with ESG laws and regulations and in implementing related policies and procedures. Having serviced over 2,500 municipal clients in every State and U.S. territory, BLX professionals have developed streamlined processes and software applications to deliver regulatory compliance solutions on a timely and cost-effective basis.

ESG SERVICES

- Program Design Consultation
- Second Party Opinion
- Management of Proceeds Surveillance
- Impact Reporting
- Voluntary Disclosure

BLX is a Registered Observer of the International Capital Market Association's (ICMA) Green and Social Bond Principles and an Approved Verifier with the Climate Bonds Initiative. BLX's sustainable finance program offers a practical and transparent framework for implementing guidelines established by the ICMA. As the market shifts towards greater accountability, BLX's surveillance expertise helps issuers and borrowers meet investors' disclosure expectations and adds meaning to conventional Second Party Opinions. We provide tailored solutions to address the pressing reporting demands imposed by financial market participants.

HOW IT WORKS

We deliver ESG services in 3 simple steps.

1. CONSULTATION -

Call us for a free consultation to discuss your requirements.

2. DISCOVERY -

Our sustainable finance team will interview stakeholders, review the relevant documentation, and synthesize your ESG initiative to deliver the requested services. They will coordinate with your financing team to ensure a successful transaction.

3. ACCESS -

Gain access to our digital platform for the latest findings on your ESG project.

Please contact us or visit our website (at www.blxgroup.com) for additional information.
